M. A. Subramanian

Honble Minister for Fisheries

19419
Sir,
I am enclosing a petition submitted by fishermen in my constituency. I commend specially their requests no. 1 & 3.

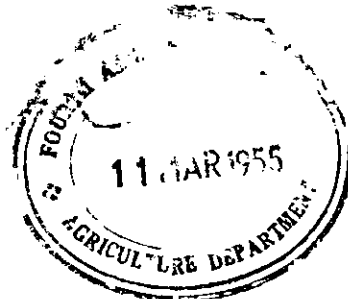

There are no drinking facilities for most part of the year & tubewell seems to be the only solution. Would you kindly direct the digging of a tube-well in the place?

Available Govt. land also may be granted for house building for the landless poor among fishermen a request this step be taken as expeditiously as possible

Yours truly
J. A. Subramanian

To

Sri T.A. Pai., M.L.A.,
UDIPI.

Humble petition of the Fishermen of Kadekar
and Kuthpadi, Udipi Taluk, (Padukere West).

- - - - -

Dear Sir,

As the popular representative of Udipi Constituency in the Madras Legislature, we are proud that you have been striving very hard for the common good of this constituency and have earned a reputation which is envied by the other elected representatives. The spontaneous expression of your anxiety to help the Villagers of these two Villages in the course of your Presidential Address on the occasion of the opening of Post-office in Padukere is one for which we are all grateful to you. We beg to represent herebelow some of our immediate requirements and pray that you may be pleased to do everything possible to help us in these matters. We assure you our closest co-operation in all possible ways and in the manner you may guide us in these matters.

- 1. not
in file
This might
be examined.
10.3.55*
1. The Padukere being isolated from the main land has to be self-contained in drinking Water-supply. But during the best part of the year, the villagers here have to cross the river and get drinking water from the main-land, which causes untold hardship and inconvenience to one and all. Sinking of Tube Wells or construction of wells is a dire necessity and a long felt need.
 2. The villagers here are fisher-men. If during any year, the catches are low, they suffer starvation for want of any other means of earning their livelihood. This year the fish catch is very poor; people are in great distress. Arrangements for the issue of Rice Cards purchase of rice at 50% cost, half the cost being subsidised by the Government, would alleviate their condition to some extent. Similarly, a subsidy of at least Rs.50/- per family may be given by the Government to help them tide over the monsoon season. If no subsidy is possible, atleast interest free loan to that extent will solve their immediate problem.
 3. From out of the available Government land there, fisher- men may be individually assigned atleast 5 to 10 cents of land for dwelling and use. Help for construction of their dwelling houses may also be extended under any of the prevailing Government Schemes.

B

--: 2 :--

6/1/55

1,000/

4. The total population in this Island is about 2,000 with about/adults entitled for voting. To exercise their franchise, they have to cross the river and come to the main land, which is a great inconvenience. Arrangements for the opening of a separate polling station for the use of these voters exclusively may kindly be made in the next elections, at Padukere.

5. A road from Kannarpadi in Kinnimoolky to Padukere is also an urgent necessity. There is already some sort of road formation existing, though it is intercepted by fields etc., at some portions and requires widening at some other portions. As matters stand, this way is used by hundred of people every day, though it is not in good condition and is infested with reptiles etc. Widening of the road at some points and construction of links over fields will make this useful to thousands of people in the villages.

6. The Krishna Maruthi Vyayama Mandir in this Village is doing very fine work in training the youth in the art of fencing and making them physically fit and disciplined and imbued with a spirit to serve the villagers in several ways. The Mandir is at present temporarily housed in S.No. Kuthpadi, Padukare, in Government land. Twenty cents of this land may kindly be assigned in favour of the Mandir in view of the very good work they are doing.

For which act of kindness,

We remain,
Sir
Yours faithfully,

Place: KADEKAR,

Date: 17-1-1955.

Copy of letter No.3518-E/55 dt. 16.4.55 from Office of the Asst. Director of Fisheries, Mangalore to the Director of Industries and Commerce, Madras

Sub: Fisheries - South Kanara Dt. - Udupi taluk - fishermen of Kadekar and Kuttipadi - requests for economic improvement - remarks. submission of.

Ref: Director's ~~mem~~ ref. No.6101-Z3/55 dt. 30.3.55.

I submit below my remarks on the various points raised in the petition received from the fishermen of Padukere.

1. Padukere comprises of the extreme Western ends of the five villages lying from North to South namely Kodavoor, Kidur, Kadekar, Kuthpadi and Udiawar. It is a narrow strip of land five miles long and less than a furlong broad. This is separated from the main land by the Udiawar river flowing northwards from Udiawar river flowing northwards from Udiawar and since it is isolated from the mainland and is covered from both sides with salt water westwards with sea and on the east the river is subjected to tidal effect, there is difficulty for fresh drinking water between the end of December and May. There are wells. These have to be necessarily shallow as the salt water is struck within 10' depth. In order to ensure water supply steps have to be taken to sink tube wells sufficiently deep to strike the fresh water bed beyond the saline water level or arrange supply from the mainland through a pipe line covering a distance of 2½ furlongs across the river. Since the drinking water is quite essential, Revenue Department may be asked to take necessary steps in the matter under Rural Water Supply scheme.

The inhabitants of Padukere, are fishermen. As stated by them in their petition the fish catches have been poor, but this has been so all along the coast in this division. Therefore I do not recommend the subsidy of Rs.50/- per each family. There are two fishermen co-operative societies one at Udiawar and another at Malpe (Kodavur Village). The fishermen may be asked to join as members of these societies, so that they can get the loan required by them from the societies concerned.

It is reported that there is practically no Govt. land for assignment except the prohibited two chain breadth of land touching the high water mark. There is a proposal on hand to acquire patta vacant lands for assignment to deserving landless fishermen and about 20 acres of land found suitable for habitation of these fishermen, has been selected in the neighbourhood on the main land. Proposals in this connection have been submitted by the Tahsildar already to the Collector of south Kanara.

As for providing polling station this is being dealt with by the Tahsildar, Udupi. There are polling stations in the 4 respective villages on the main land which is within half a mile distance from Padukere and therefore the Tahsildar is of opinion that it is neither convenient to locate polling station in this isolated long strip of land nor it will be in accordance with the rules governing location of polling stations.

There is a beginning made for laying a road from Kannarpadi in "Kinnimook" to Padukere. About 2½ furlongs length of road is existing. Another 1½ miles more road will have to be laid through wet lands at prohibitive cost. Padukere is connected by road from either ends. There is a road up to the Udiawar yard site from the South end and another up to Malpe in the North. There is also a road running parallel to Padukere on the mainland connecting Udiawar and Malpe. Therefore this proposal to extend the road Padukere road at a prohibitive cost does not appear feasible at this movement.

Krishna Maruthi Vanyama Mandir is reported to be situated partly in private land and partly in Government land. The Tahsildar is of opinion that the site occupied can be leased out on a permanent basis to the Mandir.

Collector of South Kanara.

The Secretary to the Board of
of Revenue,
Land Revenue and Development,
MADRAS 5

Sir,

FISHERIES - (South Kanara) - Udipi Taluk - Kadaker
and Kuthpadu - Request for economic improvements -
Remarks - Report submitted.

Ref: Govt. Memo No. 19419.CII/55 Agriculture dt. 1.6.55
2. Board's Ref. E. 2960/55-3 dt. 30.6.55

The fishermen of Kadaker and Kuthpadi in Udipi

Taluk in their petition have made the following requests:

1. Sinking of a tube well in Padukere.
2. Grant of Relief Measures to tide over food security during the monsoon season.
3. Grant of House Sites and grant of subsidy for building houses.
4. Opening of a new polling Station in Padukere during Election period.
5. Formation of a road from Kannanpadi to Padukere.
6. Alienation of 20 cents of lands for the Arishna Murthi Vidya Mandir.

2. In their Ms. No. 3397 Health dt. 7.11.55 the Government have already accorded sanction for putting down a trial boring in Padukere area.

3. As regards relief measures for the fishermen to tide over the food scarcity during the monsoon the Government have already passed orders in their Memo No. 55617-E1/55-7 Agriculture dt. 21.11.1955.

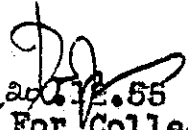

As regards items (3) and (6) in para 1 above certain suggestions for acquiring private lands for accommodating the fishermen near the sea were submitted to the Board in this office Ref. B1. 5320/55 dt. 17.6.55 in reply to Board's Ref. E. 1157/55-1 dt. 14.2.1955 and Government orders are awaited.

Regarding the request for separate Polling Station I shall take this into consideration while submitting

proposals for the location of polling station for the next General Elections as directed by the Government in their Memo No.1444/55-1 Public (Elections-V) dated 19.10.1955.

As regards the formation of a road from Kannarpadi to Padukere enquiry shows that the proposed road will pass through several paddy fields belonging to private parties. The cost of acquisition of these wet lands will be prohibitive. There are however, other roads connecting this area with other parts of the Taluk.

Yours faithfully,

REVENUE DEPARTMENT
Subject

FISHERIES - (South Kanara) - Udipi Taluk - Fishermen of Kadekar and Kuthpadi - Request for economic improvement - Remarks - Submitted.

B.P. Routine No. 771,
Station:-Madras. Dated 10th February 1956.

From

Sri M.V. Subramanian, I.C.S.,
Commissioner of Land Revenue & Development.

Sri P. Sivasankaran Pillai, I.A.S.,
Secretary, Board of Revenue (L.R.), Madras. 5.

Government Memo. No. 19419-CII/55-2, Agriculture, d/16-3-55
-do- -El/55-11, Agriculture, d/1-2-55
From the Director of Industries & Commerce, L.Dis. 11135/04/
/55, dated 11-6-55. *NO COPY*
From the Collector of South Kanara, L.Dis. 15673/55, dated
19-12-55. *11/31-3-56*

RESOLUTION:

Submitted to the Government.

1 p/s a line
11/31-3-56
2. In their memorandum first cited the Government forwarded a petition from the fishermen of Kadekar and Kuthpadi for the Board's remarks.

3. The main points for consideration are given following:-

- (1) Sinking of a tube well.
- (2) Grant of relief measures to tide over food scarcity during the monsoon season.
- (3) Grant of house sites and grant of subsidy for building houses.
- (4) Opening a new polling station in Padukere during election period.
- (5) Formation of a road from the Kannanpadi to Pudukere.
- (6) Alienation of 20 cents of lands for the Krishna Murthi Vyayama Mandir.

x p21 y of (D)
4. The Collector of South Kanara who was referred to in the matter states that regarding item (1) the Government have already accorded sanction in their G.O. 3397, Health, dated 7-11-55 for putting down a trial boring.

(x) copy cut (A)
M
5. With reference to item (2) the Government have already passed orders in their Memo. No. 55617-El/55-7, Agriculture, dated 21-11-55 and they have directed the Director of Industries and Commerce that if and when the fishing season is poor relief measures should be started and he may submit specific proposals to the Government at the appropriate time. The Director of Industries and Commerce who was asked by the Government to offer his remarks through the Board in this case, has reported that there is need for relief measures. The Director of Industries and Commerce is being addressed to submit specific proposals to the Government for starting relief measures if he considers that the present position will warrant such a course.

11/31-3-56
L
6. As regards point 3 it is true that Government have passed orders extending ~~the~~ the lease of foreshore lands for further period of three years in their G.O. Ms. No. 3082, Revenue, dated 7-10-55 from 22-4-55 pending finalisation of acquisition proceedings. Even for investigation and collection of statistics the Fisheries Department stated to the Collector that a special staff will have to be created in that Department. Likewise a special staff will be required by the Revenue Department also. The Collector has addressed the Fisheries Department in this matter regarding the extent of investigation which the Fisheries Department could take up.

p.t.o.

7. With regard to the question about meeting the cost of acquisition, taking into account the status of the fishermen and the opinion of the Fisheries Department the Collector is of the view that half the cost of acquisition should be borne by the Government and the other half by the fishermen. In respect of acquisition of lands for harijans, the Government have authorised the acquisition of lands at state cost or if the paying capacity of harijans will justify ~~their~~ their paying the cost of the land; the cost is collected from them (G.O.2644, Industries, Labour and Cooperation, dated 27-9-54). *Not from*
There is no objection to accept the recommendation of the Collector as the suggestion meets the question half way. *S*
In this connection the Collector is being asked to finalise the preliminary work of collecting statistics on which he is already in correspondence with the Assistant Director of Fisheries and initiate the acquisition proceedings.

8. Regarding item 4, the Collector has promised ~~to~~ to take further action while submitting proposals for the location of polling station.

9. As regards item 5 the Board agrees with the Collector that there is no need for the formation of a road.

10. Regarding item 6, the Collector has not made any specific recommendation. It appears that he seems to think that this will also be covered by the land acquisition proceedings referred to in item 3. As the request of the fishermen is only for 20 cents of land to the Krishna Murthi Vyayama Mandir, which is said to be doing very fine work in training the youth in the art of fencing and making them physically fit, there appears to be no objection to place the land if it is available for grant, at the disposal of the mandir subject to usual conditions, even without awaiting the acquisition proposals. The Collector is being asked to examine this case on merits and to take further action. *K*

LETTER No. 1941962/55-13 dated 28/2/56

To

Sri. T.A. Pai, M.L.A.
Madras Legislative Assembly,
Mount Road, MADRAS.

Sir,

SUB: FISHERIES - South Kanara District
Udipi Taluk - Certain requests
of fishermen of Kadaker and Kuth-
padi villages for improving
their living conditions.REF: Petition dated 17-1-1956 from the
Fishermen of Kadaker and Kuthpadi
villages forwarded to Government
with your letter dated 10-3-1955
addressed to the Minister for
Agriculture.With reference to the ~~request~~ ^{request contained in} petitiondated 17-1-1956 of the fishermen of
Kadaker and Kuthpadi villages ^{of Udipi Taluk} forwarded
to the Government by you, with your
letter dated 10-3-1955, I am directed
to reply as follows:-(1); Provision of drinking water
facilities for Padukere Village:The Government have already
~~sanctioned~~ ^{the proposal of} the Collector of
the South Kanara District for putting
down a trial boring for a tube well in
Padukere area.(2); Relief measures to the
fishermen when the fishing season is poorThe Addl. DI&C has already been
informed by Government that if and when
the fishing season is poor and relief
measures should be started, he may submit
specific proposals to the Government at
the appropriate time for their consideration.

As a relief measure, the Government have already sanctioned the free supply of mid-day meals to the fisher-children studying in Fisheries schools in the Malabar and South Kanara Districts for a period of two months in the year 1955-1956.

If the Addl DMC recommends that further relief measures should be given, they will be considered by the Government.

Item (3): Allotment of house sites for construction of dwelling houses:

Land acquisition proposals for allotment of house sites to the fishermen of the South Kanara District have been called for from the Board of Revenue. The request will be examined further when the final proposals with full financial implications ^{are} ~~to the Government~~ have been received from the Board of Revenue.

Item (4): Opening of a polling station at Padukere during elections:

The Collector of South Kanara ^{will be} ~~has~~ promised to take necessary action while submitting proposals for the location of a polling station ^{at Padukere} during the next election.

Item (5): Formation of a road from Kanur-padi to Padukere:

The road if constructed will have to pass through several paddy fields belonging to private parties. ^{acquiring portions of} The cost of these wet lands will be prohibitive. There are, however, other roads connecting the area with other parts of the Taluk. The Government, therefore, consider that the formation of the road is not necessary.

Item (6): Alienation of 20 cents of land for the Krishnamurthi Vyayama Mandir:

The land in question can be placed

42) JOURNAL DE PATCH BRANCH

Agri (II) Dept

C.No. 19419 CI/SS

Sub: Fisheries - S Kanara Dt. - 2 districts taluk.

Fishermen of Kadikar and Kulkadi:
certain requests for economic
development of fishermen community.

Ref: From Sri T. A. Pai M.A. letter to
M.A. dated 10.3.1955

TO: S

The letter from Sri T. A. Pai M.A. at page 1 of and the petition from the fishermen of Kadikar and Kulkadi villages (2 districts taluk) at pages 3-5 of may be perused. The fishermen have requested that the following schemes may be taken up by the Govt:-

1. To provide drinking water facilities wells may be dug;
2. As the fishing season is poor, rice may be sold to the fishermen at subsidised prices. Cash grants may also be given.
3. House sites may be given to the fishermen for constructing houses.
4. During elections, a polling station may be opened at Radukere.
5. A pucca road from Kannarpadi in Kinnimoolky to Radukere may be constructed.
6. Twenty cents of Govt land may be

assigned to the Krishna Mandi
nyayama Mandi in Kuth-padi as
the Mandi is doing very good work.

2. The remarks of the Board of Revenue
may be called for on the various
requests made by the fishermen. The
draft Memo submitted below is for
approval.

3. After view of H.E.A., Public (Election)
and Revenue Departments may see
before issue for remarks in regard to the
requests relating to them.

This file deals with the representation of the fishermen of Kadkan and Authpadi villages, Udipi Taluk, South Kanara District for improving their living conditions. The representation was forwarded to the Government by Sri. P.A. Pal, M.L.A with his letter at P. 1 c.f. The various requests made in the representation are examined below in the light of the remarks offered by the Board of Revenue.

REQUEST No. 1: Provision of drinking water facilities for Padukere village:

The H.E.L.A. Department has taken an extract of this request for separate action. The Board has since reported that the Govt. in H.E.L.A. Department have sanctioned the putting down of trial-boring for a tube well in the village. Hence no action is called for on this item.

REQUEST No. 2: Relief measures to fishermen when fishing season is poor:

The Addl. DlxC has already been informed that if ^{and} when the fishing season is poor ^{and} relief measures should be started, he may submit specific proposals to the Government at the appropriate time for their consideration. The Board has addressed the Addl DlxC to submit specific proposals to the Government for starting relief measures in the current year, if the present fishing condition warrants such a course. The addl DlxC's proposals, if and when they are received, may be examined and orders issued on them.

In this connection it is submitted that as a relief measure the Government have already sanctioned the free supply of mid-day meals to the fisher-children studying in Fisheries Schools in Malabar District and

and South Kanara Districts for a period of two months.

Item (3): Allotment of house sites and help for construction of dwelling houses under any one of the prevailing Government schemes:

Item 3 mp3cf

Land acquisition proposals for allotment of house sites to the fishermen of South Kanara District have been called for from the Collector by Government in Revenue Department. The Board has reported that the proposals are being finalised. The Board also considers ^{that} taking into account the economic condition of the fishermen ~~and~~ the cost of Land Acquisition may be borne by the Government and the fishermen on 50 : 50 basis. The Board's recommendation may be examined when concrete proposals with full financial implications are received from it.
